

Capacity building for civil society organizations on their participation in JADF

On the 8th November 2017, CCOAIB organized a one day workshop in Muhanga District with a theme “Capacity building for civil society organizations on their participation in J

ADF. Indisputably, the role of CSOs is to support and empower the Joint action Development Forum to carry out its mandate in inclusive and participatory way.

This forum enforces effectively the two key principles of good governance: Citizen Participation and mutual accountability.

Prior to this workshop, CCOAIB organized several awareness meetings with citizens on the involvement in the setting and monitoring performance contracts (imihigo). This was also done through radio shows with a purpose of encouraging citizen participation in forming national policies.

The workshop was attended by the vice mayor of Economic affairs of Muhanga district and a total of 52 people from more than 40 organizations (including 6 from CCOAIB).

This workshop of its kind was organized in partnership with GIZ.
